

Elmer J. Gentry, Ph.D. is an **Associate Professor in the Department of Pharmaceutical Sciences** of the Chicago State University College of Pharmacy.

Dr. Gentry received his B.S. from Missouri Western State College (1993 in Chemistry) and M.S. (1996) and Ph.D. (1999) in Medicinal Chemistry from the University of Kansas. At Chicago State, he has also served as the Chair of Pharmaceutical Sciences (2007-2011) and the Associate Dean for Pharmacy Academic Affairs (2011-2016). He also was previously a faculty member at Midwestern University, College of Pharmacy-Glendale from 1999-2007.

He completed the American Association of Colleges of Pharmacy Academic Leadership Fellowship in 2013. He was named the 2007 Teacher of the Year for both the first and second year pharmacy classes at the College of Pharmacy-Glendale. Additionally he has received the Edgar C. Little Outstanding Chemistry Graduate Award from Missouri Western State College, the Pharmacy Graduate Student Honors Symposium Award from the University of Kansas, and an American Foundation for Pharmaceutical Education Pre-doctoral fellowship from 1997-1999.

Dr. Gentry is a member of numerous scientific and professional organizations and has served as the Chair of the Section of Teachers of Chemistry of the American Association of Colleges of Pharmacy. His research interests include: synthetic manipulation of antimicrobial agents to modulate potency and spectrum of activity, use of combinatorial chemistry for drug discovery and development, and improving delivery of science courses for professional and pre-professional students.
